

Christmas Tree Disposal

To reduce volume at the Culpeper County Transfer Station, discarded Christmas trees will **not** be picked up with the normal trash after the end of the 2025 Christmas season.

Instead, Town of Culpeper Public Works personnel will pick up discarded Christmas trees on **Monday, January 5, 2026 & Monday January 12, 2026.** Trees put out on their regular trash days will be left at curbside for pickup on the aforementioned days.

Apartment complexes and housing developments normally served only by a dumpster or trash pickup contractor will also be able to participate in this recycling effort. Residents and businesses in the Town of Culpeper are also requested to place their trees at curbside or next to the dumpsters on the above days.

Lights and decorations must be removed to ensure collection. All residents and businesses of the Town are requested and urged to assist in this recycling effort.

Thank you.

Town of Culpeper Public Works
